OVERVIEW
The Harrington-MSTP Scholar Award supports the research programs of Case Western Reserve University Medical Scientist Training Program (MSTP) students who have demonstrated innovation, creativity, and potential for progressing their scientific discovery to a medical therapy.

Successful applicants will receive:
• $50,000 with appropriate justification, for 1 year
• Potential to renew for a 2nd year based on milestones achieved
• Dedicated Project Manager for the duration of the award
• Drug development, commercial strategy and business development support from Harrington’s Therapeutics Development Center experts

Who should apply: Applications are strongly encouraged from students who would begin the funded award no later than the beginning of their 4th year of graduate training.

THE HARRINGTON ADVANTAGE
Harrington’s experts work with Scholars to de-risk and advance their discoveries into the clinic. IP rights are retained by the Scholar/Institution.
