

HARRINGTON DISCOVERY INSTITUTE BRAIN HEALTH MEDICINES SCHOLAR AWARD

FUNDING OPPORTUNITY

OVERVIEW

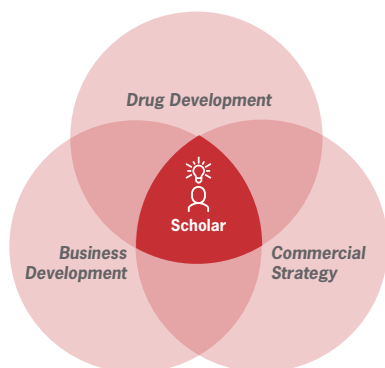

Harrington Discovery Institute's Brain Health Medicines Center supports novel research that aims to **treat, prevent, reverse or cure Alzheimer's disease and related dementias**.

SUCCESSFUL APPLICANTS WILL RECEIVE:

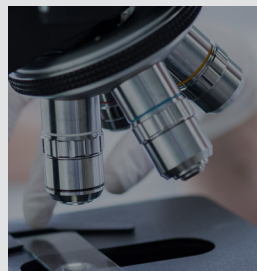

- \$100,000 with appropriate justification for one year
- Support from the Harrington Therapeutics Development Center for one year
- Potential to renew for a second year based on milestones met
- Opportunity to qualify for up to \$400,000 in additional funding and drug development support, based on milestones met
- **NOTE: IP rights are retained by the awardee or their institution.**

THE HARRINGTON ADVANTAGE

A personalized therapeutics development team, including former leaders from the pharma industry and a dedicated project manager, surrounds each Scholar with expertise to de-risk and advance their discovery towards the clinic.

PROPOSALS OF INTEREST

- Novel, validated targets
- Any therapeutic modality
- Discoveries demonstrating rigorous science, creativity, innovation and potential for clinical impact

ELIGIBILITY

MD or PhD (or equivalent) researchers in the UK, US and Canada operating their own independent lab. Programs that have already been licensed are not eligible.

IMPORTANT DATES

Applications can be submitted at any time and will be reviewed on a quarterly basis.

Deadlines to submit an application for review are **March 31, June 30, September 30** and **December 31** annually.
